

NORCOMP

Passion for Excellence

<p>Primary Focus Products</p>	 <p>VULCON Future of Circular Connector Technology</p>	 <p>VULCON STEEL Future of Circular Connector Technology</p>	 <p>VULCON ADAPTERS ADAPTING TO THE FUTURE OF CIRCULAR CONNECTORS</p>	 <p>QUIK-LOQ Push-Pull Connector Systems</p>	 <p>SEAL-D Designed for IP Performance</p>	 <p>POWER-D Peak Capacity Performance</p>	 <p>MICRO-D Machined Micro-Miniature Connectors</p>
<p>Product Function</p>	<p>IP67 / IP68 Industrial Interconnect for Power, Signal & Industrial Ethernet</p>	<p>IP67 / IP68 Industrial Interconnect for outdoor and true harsh environments</p>	<p>IP67 / IP68 Industrial Interconnect for Power & Signal Industrial Ethernet</p>	<p>IP50 / IP67 / IP68 Quick Lock Quick Release 5,000+ Mating Cycles Push-Pull Connectors</p>	<p>IP67 / IP68 Interconnect Internally Sealed, Same Footprint a Standard D-Sub</p>	<p>Robust Interconnect Combining High Power & Signal Contacts in One Connector</p>	<p>Machined Micro-Miniature Interconnect for Cables, Boards and Panels</p>
<p>Market Segments</p>	<p>Industrial Controls, Industrial Automation, Robotics, Medical, Lighting, Remote Sensors, Gauges, and Data Loggers used Outdoors</p>	<p>Industrial Controls, Industrial Automation, Robotics, Heavy Equipment Tracking, Lighting, Remote Sensors, Gauges, and Data Loggers</p>	<p>Industrial Controls, Industrial Automation, Robotics, Medical, Lighting, Remote Sensors, Gauges, and Data Loggers used Outdoors</p>	<p>Test & Measurement Instrumentation, Industrial, Medical, High Vibration, Harsh Ruggedized Environments</p>	<p>Industrial, Medical, Gauges, Marine GPS, Data Loggers, Ruggedized Laptops, Telematics, Commercial Drones, Transmitters & Emergency Beacons</p>	<p>Industrial, Power Supplies, DC Motor Controls, RF Power Amplifiers, Delivery Robotics, Harsh Ruggedized Environments</p>	<p>Hand Held & Portable Devices, Wireless Base Stations, Military Telematics, DC/DC Power Supplies, Test & Measurement, Industrial Robotics</p>
<p>Qualifying Questions</p>	<p>Is the product used in a high rel or harsh environment? Do you require a robust interconnect?</p>	<p>Does the product need to hold up to erosion in an outdoor environment? Do you require a product that protects against microbial & bacterial growth?</p>	<p>Do you need to pass a connection through a panel? Do you need to split or combine signals? Do you need to convert from RJ45 to M12 for ethernet?</p>	<p>Does the application require high mating cycles? Is a quick & easy mate system required? Is an IP rated product required?</p>	<p>Is the product used in a harsh environment? Do you require a robust interconnect? Does the customer need to switch a standard product into one that must be waterproof?</p>	<p>Does that application require both power & signal? Is space at a premium on the board? Is the customer looking for an interconnect capable of carrying up to 40AMP per contact?</p>	<p>Is the customer struggling for space on the board? Is the device too small for a standard connector?</p>
<p>Competition</p>							
<p>Supply Chain</p>							

All products, standard or custom, are registerable globally for NEW Designs or new competitive crosses at the OEM or CEM level. Minimum value of \$5k per part number. Design Registration requests may be submitted using the NorComp DR form or the standard NEDA/ECIA DR forms.

NORCOMP

RUGGEDIZED SOLUTIONS FOR HARSH ENVIRONMENTS

<p>Primary Focus Products</p>	 <p>STACKED Space Saving Connector Technology</p>	 <p>M SERIES Machined Connector Performance</p>	 <p>MICRO-D Micro-Miniature Connector Technology</p>	 <p>NANOOK Ruggedized IP Rated D-Sub Connectors</p>	 <p>ARMOR Ruggedized Backshell Systems</p>
<p>Product Function</p>	<p>Designed For Applications Requiring Multiple Connector Ports with limited PCB Space</p>	<p>Featuring "Solid Pin" machined contacts, these connectors offer high reliability performance</p>	<p>Micro-Miniature Interconnect for Cables, Boards and Panels</p>	<p>IP67 / IP68 All-Inclusive Interconnect Sealing Solution D-Subs</p>	<p>D-Sub Housing & Strain Relief Offering EMI-RFI Shielding, Required When Producing Cable Assemblies</p>
<p>Market Segments</p>	<p>Condensed Footprint Requiring Applications Including Automotive, Medical, Industrial Automation, and Consumer Electronics</p>	<p>Designed For Rugged / Robust Applications Including Medical, Industrial, And Aerospace</p>	<p>Hand Held & Portable Devices, Wireless Base Stations, Military Communications, Drones, AC/DC Power Supplies, Test & Measurement, Consumer Robotics</p>	<p>Marine Electronics, Industrial & Medical Equipment that is Subject to Washdown. Remote Sensors, Gauges, and Warehouse Automation</p>	<p>All D-Sub Cable Assemblies for Commercial, Industrial, Medical, Communications & Computer Applications</p>
<p>Qualifying Questions</p>	<p>Is the product used in a high reliability or harsh environment? Do you require a robust interconnect?</p>	<p>Does the application require high mating cycles? Is a quick & easy mate system required? Is an IP rated product required?</p>	<p>Is the customer struggling for space on the board? Is the device too small for a standard connector? Do you require a light weight connector?</p>	<p>Is the product used in a hi-reliability or harsh environment? Do you require a robust interconnect?</p>	<p>Are EMI/RFI shielding issues causing the customer concern? Is a more robust strain relief required?</p>
<p>Competition</p>					

Custom Connectors

NorComp has extensive capabilities to provide cost effective solutions for any customer semi-custom connector or cable assembly. Our team of engineers is 100% committed to designing and manufacturing the highest quality interconnect solution for every client, every time. Our low MOQ's and short lead times get you to market fast.
