(Engineering Notification)

July 8th, 2026

EN #51126

To Whom It May Concern:

Please be advised NorComp has made a product enhancement design change to the below 380 Series part numbers. This enhanced design aligns the shell mating interface to the MIL-DTL-83513 standard and only applies to the mating interface. This will NOT affect form, fit, or function NOR affect existing inter-matability.

NorComp p/n
380-009-203L001
380-015-203L001
380-025-203L001
380-009-213L001
380-015-213L001
380-025-213L001

This enhancement will be implemented effective immediately as a rolling change for future orders.

If you have any technical questions, please reach out to eng@norcomp.net.

Please confirm receipt & acceptance of product change notification (by responding to the email you received this notification through). If you have any questions or concerns, please feel free to contact us at sales@norcomp.net.
