**(Product Change Notification)**

Wednesday, November 27, 2024

PCN# 112624

To Whom It May Concern:

In efforts to improve the quality and performance of NorComp's 112 Series (Male/Plug variants), small geometry changes have been made to design; the most notable change is the length of the PCB tails from 4.50mm to 3.40mm. These changes are being made to the following part numbers:

112-014-113R001	112-036-113R001
112-024-113R001	112-050-113R001
112-024-113R491	112-050-113R491

Form, Fit, and Function will remain unchanged for all parts numbers. NorComp does not anticipate these slight changes to cause any issues within our customer's applications. If you have any technical questions, please reach out to [eng@norcomp.net](mailto:eng@norcomp.net).

This will be a rolling change as our stock from the previous design is used.

Attached to this PCN notification is the updated drawing revision that reflect the changes.

You are receiving this notification as our records show that you have purchased these products in the past 5 years. We appreciate your understanding as we strive to offer you the most current information regarding our product.

Please confirm receipt & acceptance of product change notification (by responding to the email you received this notification through). If you have any questions or concerns, please feel free to contact us at [sales@norcomp.net](mailto:sales@norcomp.net).

Regards,
